**CFRE International Former Chairpersons** ........................................66
It never fails to amaze me how fundraising professionals rise to the occasion in the face of adversity. Nearly 1,100 fundraising professionals submitted their CFRE application for initial certification despite the pandemic rolling into its second year. It marked the second highest number of applications we’ve received in a single year.

This interest in CFRE certification during a time of tumult proves our community members continue to invest in themselves and their organizations’ future fundraising no matter how tough the situation becomes.

Our certification continues to grow internationally. In 2021 there were CFREs in 26 countries and territories around the world. As we expand our global reach, for the first time, fundraising professionals from Congo, Greece, and Kenya became CFREs.

In response to the pandemic, numerous candidates requested an at-home testing option. Working with our test center partner Pearson VUE, in 2021 we debuted the ability to test from one’s home or office at no additional cost. This option will remain available, putting certification within closer reach than ever for fundraising professionals no matter where they live.

In January, CFRE International’s professional staff added a new position—Certification and Accreditation Director. Sara Duginske, MS, was welcomed into this role where she has adeptly led the certification team in responding to thousands of inquiries while ensuring CFRE International continues to satisfy all requirements to maintain our ANSI accreditation.

On behalf of my fellow Directors, I thank CFRE International’s President and CEO Eva E. Aldrich, Ph.D., CAE (CFRE 2001-2016), for her extraordinary leadership during another year of uncertainty. I also acknowledge and thank our staff of eight who continually made mighty strides. By meeting fundraising professionals where they were at virtual conferences, offering a suite of informational webinars, championing certification, and deepening relationships with our Participating Organizations, the team’s impact on advancing awareness of the certification cannot be overlooked. I recognize them for their steadfast work and dedication.

It was my pleasure to serve as Chair of the Board of Directors for the second consecutive year. Together, the board created the Chair’s Advisor for Diversity, Equity, Inclusion, and Access. Alexis Alm, MNA, CFRE, is the first person to serve in this role where she has adroitly led the certification team in responding to thousands of inquiries while ensuring CFRE International continues to satisfy all requirements to maintain our ANSI accreditation.

The year 2021 was bittersweet as it marked my final year as CFRE International Board Chair. It has been inspiring to watch the number of CFREs increase worldwide and to work with such a dedicated board. As we continue to bring awareness to the importance of best-practice fundraising, I wish my colleague, incoming chair Tom Berekoff, MA, CFRE, the best in advancing the work of CFRE International and the fundraising profession overall.

To every CFRE, thank you for your advocacy for professional fundraising.

All the best,

Lesley Ray, MBus, CFRE, FFIA

CFRE International and the CFRE credential are endorsed by 31 professional organizations with representation on six continents. Participating Organizations promote the credential to their members and play an important part in the credentialing process as providers of fundraising training. Members of these organizations receive reduced certification and recertification fees. CFRE International continues to seek to expand the list of Participating Organizations.

Accreditation

In July 2017, the American National Standards Institute accredited the Certified Fund Raising Executive (CFRE) certification under the ANSI/ISO/IEC 17024 standard for personnel certification programs. This made the CFRE® credential the world’s only accredited certification for philanthropic fundraising professionals.

ANSI accreditation is the hallmark of a rigorous, high-quality certification program. ANSI accreditation enhances the stature of the CFRE credential because it is recognized internationally for ensuring the consistency and integrity of certification bodies and credentials.

The ISO in ANSI/ISO/IEC stands for International Organization for Standardization, a worldwide federation of national standards bodies from 145 countries.

Accreditation by ANSI means that the CFRE credential’s global significance is recognized by other worldwide accrediting bodies with which ANSI has established multilateral recognition agreements, including members of the Pacific Accreditation Cooperation.

Accreditation of the CFRE program under ANSI/ISO/IEC 17024 confers independent, widely respected international validation of both the CFRE program and credential, verifying the competence, credibility, and ethical commitment of an increasingly mobile and global workforce of CFRE-certified fundraising professionals.
During 2021, a total of 1,093 candidates applied to the CFRE program and 1,347 examinations were administered at numerous computer-based testing (CBT) locations worldwide. A total of 996 individuals were granted initial certification as a Certified Fund Raising Executive (CFRE), bringing the total number of current CFRE certificants to 7,958 during the year.

The 2021 exam form reflected a Test Content Outline based on the international Job Analysis Survey conducted in 2014/2015 in ten countries—Australia, Brazil, Canada, Germany, India, Japan, New Zealand, South Africa, the United Kingdom (UK), and the United States (U.S.). The following statistics are for the 2021 form of the CFRE exam.

Data note: There was only one CFRE Global Exam form administered to candidates for CFRE certification in 2021.

CFRE International assesses the knowledge, skills and competencies of the fundraising profession as identified in a rigorous international Job Analysis study. This research informs the Test Content Outline, on which the exam is based.

Best practice in the certification profession requires that a new Job Analysis be performed every five to seven years. In 2014/2015, CFRE completed its most recent Job Analysis study, which was reflected in the 2021 exam form.

CFRE uses a cadre of globally diverse, trained and currently certified fundraising professionals to help develop, vet and approve the CFRE examination. In addition, the passing standard is set by a panel of fundraising professionals.

Every draft test question must be linked to a topic area found on the Test Content Outline and referenced to at least one source on the CFRE Resource Reading List before it will be reviewed.

In 2021 CFRE International continued to experience a healthy recertification rate above the industry average rate for voluntary certification programs.
Total Scored Items on the Exam: The 2021 CFRE exam consisted of 200 questions; of the 200 questions, 175 were scored and 25 were pre-test questions that were being evaluated for possible inclusion on the exam at a later date. Information about how candidates perform on pre-test questions is collected without affecting the candidate's score.

Scaled Score: Raw number-correct scores for the CFRE exam are converted to scaled scores with a consistent pass mark (i.e., 500) for ease of interpretation and comparability across test windows. This means that the same raw number-correct score could correspond to different scaled scores depending on the difficulty of the exam form. For example, two candidates who took different exam forms and had the same raw score of 70 might have different scaled scores. The candidate who took the easier form would likely have a lower scaled score than the candidate who took the more difficult form even though their raw scores are the same. The scaled scores of the CFRE exam range from 200 to 800. The scaled score 800 in the CFRE exam represents a perfect score (i.e., number-correct score of 175).

Passing Scaled Score: This is the score a candidate must receive in order to pass the CFRE examination. The passing scaled score for the CFRE exam is consistently set to 500. This means that a scaled score is a conversion of different number-correct scores depending on exam difficulties. The number of questions that must be answered correctly is determined by evaluating the overall difficulty level of the exam. The more difficult the exam, the fewer questions a candidate would have to answer correctly in order to be assessed as having mastered the content. CFRE International uses criterion-referenced scoring. That is, the passing standard is determined by a panel of experts during a standard setting workshop applying Modified Angoff Method and is independent of what group of people a candidate tests with. CFRE International does not score its exam on a “curve” and also does not predetermine the number of people it will certify in a given year—performance on the exam is up to the candidate.

Mean Scaled Score: This is the average score of all candidates who took the exam during 2021. The overall mean scaled score for all candidates in 2021 was 547.43. The appropriateness (or consistency) of exam difficulty is understood by looking at the scaled score average.

Range of Scores: The theoretical range for the CFRE exam scaled score (200–800) is considered typical for a professional certification program. In 2021 the observed minimum and the maximum scores were 292 and 719, respectively. These outliers did not affect appropriateness and consistency of the exam difficulty as the scaled score averages do not suggest a noticeable difference in overall candidate performance.

Cronbach’s α Reliability Coefficient: It indicates the internal consistency of the exam. The theoretical range of coefficient alpha is from 0 to 1, with larger numbers suggesting that similar results would be observed if the exam is given to the same examinee over multiple occasions. Reliability coefficient is generally affected by the test length. For a long exam (i.e., more than 100 scored items) such as the CFRE exam, a reliability of 0.8 is expected. The observed reliability coefficient of the 2021 CFRE exam was 0.86, which was satisfactory and shows a slight change from .87 in 2020.
Standard Error of Measurement: The standard error of measurement yields an estimate of the variability of errors associated with a CFRE test score. A large standard error indicates that a significant amount of error exists in the test score. The small standard error results suggest that the 2021 CFRE exam was a precise measure of baseline knowledge in the field of fundraising at the five-year level.

Content Area Performance: The CFRE examination administered during 2021 was broken down into six major content areas of fundraising: Current and Prospective Donor Research; Securing the Gift; Relationship Building; Volunteer Involvement; Leadership and Management; and Ethics, Accountability, and Professionalism. Candidate performance across those content areas is monitored.

The CFRE candidate pool is involved with a great diversity of fundraising; it is reasonable to expect that not all candidates are masters of every type of fundraising activity. In 2021, candidates scored highest in the domain of Ethics, Accountability, and Professionalism. The lowest performance domain was Leadership and Management. This may reflect a lack of access to available education for fundraising professionals in this domain though overall performance was still at acceptable levels.

Since its beginning as an independent organization in 2001, CFRE International has become self-sustaining and continues to experience steady increases in the overall number of CFRE certificants worldwide.

In 2021 CFRE International derived 76.5% of its revenue from candidate fees for both initial certification and recertification. The remaining 23.5% of 2021 revenue was earned from sources such as Participating Organization fees paid to gain access to the credential at reduced rates for members, continuing education approved provider fees, advertising sales, job vacancy postings and sales of certificate frames. All revenue is put back into the program to ensure the validity, credibility and sustainability of the CFRE exam and credential.

The Board of Directors of CFRE International is committed to ensuring a reliable and credible certification program for all candidates and certificants, ensuring investments in ongoing exam development activities, promotion of CFRE certification and the CFRE credential across the global philanthropic sector and sufficient investment in organizational capacity.

The goal of the certification process is to ensure the continuing competence of each Certified Fund Raising Executive (CFRE) and maintain the professional standards of those engaged in the fundraising profession. Continuing education courses provide one of the primary methods for keeping up with the evolution of professional practice. One of the most frequently asked questions is where certificants and candidates can go to obtain applicable continuing education for their CFRE certification. The following is a list of our 2021 Continuing Education Approved Providers. We thank them for the knowledge and skill they share.

CFRE former chairpersons are reminders of the rich history and significant growth of our organization. Since our formation, twelve chairpersons have led CFRE International. The legacies of these devoted individuals are sure to continue long into the future. Thank you for your ongoing support of CFRE and professional fundraising.
