From the Chair

I'm proud to say 2022 was another strong year for the CFRE credential. We surpassed having more than 7,700 CFREs worldwide, the largest number to date.

As we continue to grow internationally, the year saw new CFREs from Greece, Hong Kong, Japan, New Zealand, Romania, and Slovakia join our community. Our expansion in Australia continued steadily. It remains the country with the third highest number of CFREs globally. In North America, hundreds of fundraising professionals across Canada and the U.S. earned their CFRE.

Exhibiting at conferences remains a cornerstone of how we meet prospective and current certificants. In 2022, it was refreshing to once again resume a full international conference schedule. We attended more than 20 events worldwide. It was a wonderful feeling to, once again, meet our community face-to-face.

In September, we were afforded something we now all know not to take for granted—the excitement and collaboration of an in-person board meeting. It was our first time together in the same room since 2019. We used the opportunity to not only discuss current CFRE International business but to set our sights on future expansion.

Together, we laid the foundation of our next strategic plan, which will guide our work from 2023–2027. Knowing the CFRE program must remain relevant and accessible to bring value to present and future CFREs, we held far-reaching conversations that will inform how we move forward.

The year also marked my first as Chair of CFRE International, after five years serving as a board member. In 2022, I personally celebrated being a CFRE for 25 years, making the timing even more fitting.

Two European-based fundraising professionals, Phillip Rothwell, CFRE, and Astrid von Soosten, CFRE, joined our board in 2022. We are grateful for their talent and expertise.

Vincent Law, MSSc, MinstF(Dip), CFRE, concluded his board term in 2022. His service and dedication were second-to-none. We thank him for all he has done to support the CFRE.

I also thank Lesley Ray, MBus, CFRE, FFIA, for her leadership as Chair in 2020 and 2021. She was at the helm during a tumultuous time for the world, but I'm pleased to say CFRE International went from strength to strength under her leadership.

As I reflect on 2022's successes, I want to acknowledge CFRE International President & CEO Eva E. Aldrich, Ph.D., CAE, (CFRE 2001-2016), as well as the organization's staff for their dedication and tireless work.

I also thank all current and retired CFREs for their contributions to the profession and credential. It is through them that we strengthen confidence, ethics, and professionalism.

I look forward to welcoming new CFREs to our ever-growing community in 2023 and seeing what the year ahead brings.

Sincerely,

A handwritten signature in black ink, appearing to read "Tom Berekoff".

2022 CFRE International Participating Organizations

CFRE International and the CFRE credential are endorsed by 31 professional organizations with representation on six continents. Participating Organizations promote the credential to their members and play an important part in the credentialing process as providers of fundraising training. Members of these organizations receive reduced certification and recertification fees. CFRE International continues to seek to expand the list of Participating Organizations.

Accreditation

In 2017, the ANSI National Accreditation Board (ANAB) accredited the CFRE certification program under the ANSI/ISO/IEC 17024 standard for certification of personnel, making the CFRE credential the world's only internationally recognized, accredited certification for philanthropic fundraising professionals.

In 2022, our ANAB accreditation was recertified for another five years.

ANAB accreditation is the hallmark of a rigorous, high-quality certification program. ANAB accreditation confers independent, widely respected national and international validation of both the CFRE certification program and the credential.

Research shows that accredited certification programs are consistently preferred by employers because they drive quality and improve results. Accreditation by ANAB also means that the CFRE credential's global significance is recognized by other worldwide accrediting bodies with which ANAB has established multilateral recognition agreements.

Validity Tables

During 2022, a total of 1,071 candidates applied to the CFRE program and 1,035 exams were administered at numerous computer-based testing locations worldwide. A total of 710 individuals were granted initial certification as a CFRE, bringing the total number of current CFRE certificants to 8,175 during the year.

The 2022 exam form reflected a Test Content Outline based on the international Job Analysis Survey conducted in 2014/2015 in ten countries—Australia, Brazil, Canada, Germany, India, Japan, New Zealand, South Africa, the United Kingdom, and the United States. The following statistics are for the 2022 form of the CFRE Exam.

Data note: There was only one CFRE Global Exam form administered to candidates for CFRE certification in 2022.

2022 Exam Statistics	Global Form 122103
Total Scored Items on Exam	175
Total Scaled Score (possible range)	200–800
Passing Scaled Score	500
Mean Scaled Score (of all candidates)	536.8
Range of Scores	287–714
Reliability Coefficient	.86
Standard Error of Measurement	5.53

CFRE International assesses the knowledge, skills, and competencies of the fundraising profession as identified in a rigorous international Job Analysis Survey. This research informs the Test Content Outline, on which the exam is based.

Best practice in the certification profession requires that a new Job Analysis be performed every five to seven years. In 2014/2015, CFRE completed its most recent Job Analysis Survey, which was reflected in the 2022 exam form.

CFRE uses a cadre of globally diverse, trained, and currently certified fundraising professionals to help develop, vet, and approve the CFRE Exam. In addition, the passing standard is set by a panel of fundraising professionals.

Every draft test question must be linked to a topic area found on the Test Content Outline and referenced to at least one source on the CFRE Resource Reading List before it will be reviewed.

In 2022, CFRE International continued to experience a healthy recertification rate above the industry average rate for voluntary certification programs.

Explanation of Terms

Total Scored Items on the Exam: The 2022 CFRE Exam consisted of 200 questions; of the 200 questions, 175 were scored and 25 were pre-test questions that were being evaluated for possible inclusion on the exam at a later date. Information about how candidates perform on pre-test questions is collected without affecting the candidate's score.

Scaled Score: Raw number-correct scores for the CFRE Exam are converted to scaled scores with a consistent pass mark (i.e., 500) for ease of interpretation and comparability across test windows. This means that the same raw number-correct score could correspond to different scaled scores depending on the difficulty of the exam form. For example, two candidates who took different exam forms and had the same raw score of 70 might have different scaled scores. The candidate who took the easier form would likely have a lower scaled score than the candidate who took the more difficult form even though their raw scores are the same. The scaled scores of the CFRE Exam range from 200 to 800. The scaled score 800 in the CFRE Exam represents a perfect score (i.e., number-correct score of 175).

Passing Scaled Score: This is the score a candidate must receive in order to pass the CFRE Exam. The passing scaled score for the CFRE Exam is consistently set to 500. This means that a scaled score is a conversion of different number-correct scores depending on exam difficulties. The number of questions that must be answered correctly is determined by evaluating the overall difficulty level of the exam. The more difficult the exam, the fewer questions a candidate would have to answer correctly in order to be assessed as having mastered the content. CFRE International uses criterion-referenced scoring. That is, the passing standard is determined by a panel of experts during a standard setting workshop applying Modified Angoff Method and is independent of the group with which a person tests. CFRE International does not score its exam on a "curve" and also does not predetermine the number of people it will certify in a given year—performance on the exam is up to the candidate.

Mean Scaled Score: This is the average score of all candidates who took the exam during 2022. The overall mean scaled score for all candidates in 2022 was 536.8. The appropriateness (or consistency) of exam difficulty is understood by looking at the scaled score average.

Range of Scores: The theoretical range for the CFRE Exam scaled score (200 – 800) is considered typical for a professional certification program. In 2022 the observed minimum and the maximum scores were 287 and 714, respectively. These outliers did not affect appropriateness and consistency of the exam difficulty as the scaled score averages do not suggest a noticeable difference in overall candidate performance.

Cronbach's Reliability Coefficient: It indicates the internal consistency of the exam. The theoretical range of coefficient alpha is from 0 to 1, with larger numbers suggesting that similar results would be observed if the exam is given to the same examinee over multiple occasions. Reliability coefficient is generally affected by the test length. For a long exam (i.e., more than 100 scored items) such as the CFRE Exam, a reliability of 0.8 is expected. The observed reliability coefficient of the 2022 CFRE Exam was 0.86, which is satisfactory and shows no change from .86 in 2021.

Explanation of Terms, *continued*

Standard Error of Measurement: The standard error of measurement yields an estimate of the variability of errors associated with a CFRE test score. A large standard error indicates that a significant amount of error exists in the test score. The small standard error results suggest that the 2022 CFRE Exam was a precise measure of baseline knowledge in the field of fundraising at the five-year level.

Content Area Performance: The CFRE Exam administered during 2022 was broken down into six major content areas of fundraising: Current and Prospective Donor Research; Securing the Gift; Relationship Building; Volunteer Involvement; Leadership and Management; and Ethics, Accountability, and Professionalism. Candidate performance across those content areas is monitored.

The CFRE candidate pool is involved with a great diversity of fundraising; it is reasonable to expect that not all candidates are masters of every type of fundraising activity. In 2022, candidates scored highest in the domain of Volunteer Involvement. The lowest performance domain was Securing the Gift. This may reflect a lack of access to available education for fundraising professionals in this domain though overall performance was still at acceptable levels.

Content Area	Average % Correct
Current and Prospective Donor Research	71.94
Securing the Gift	65.67
Relationship Building	74.43
Volunteer Involvement	77.39
Leadership and Management	71.73
Ethics, Accountability, and Professionalism	71.76
Total (175 items)	71.54

Sustainability

Since its beginning as an independent organization in 2001, CFRE International has become self-sustaining and continues to experience steady increases in the overall number of CFRE certificants worldwide.

In 2022 CFRE International derived 78% of its revenue from candidate fees for both initial certification and recertification. The remaining 22% of 2022 revenue was earned from sources such as Participating Organization fees paid to gain access to the credential at reduced rates for members, continuing education approved provider fees, advertising sales, job vacancy postings, and sales of certificate frames. All revenue is put back into the program to ensure the validity, credibility, and sustainability of the CFRE Exam and credential.

The Board of Directors of CFRE International is committed to ensuring a reliable and credible certification program for all candidates and certificants, ensuring investments in ongoing exam development activities, promotion of CFRE certification and the CFRE credential across the global philanthropic sector, and sufficient investment in organizational capacity.

Continuing Education Providers

The goal of the certification process is to ensure the continuing competence of each CFRE certificant and maintain the professional standards of those engaged in the fundraising profession. Continuing education courses provide one of the primary methods for keeping up with the evolution of professional practice. One of the most frequently asked questions is where certificants and candidates can go to obtain applicable continuing education for their CFRE certification. The following is a list of our 2022 Continuing Education Approved Providers. We thank them for the knowledge and skill they share.

CFRE former chairpersons are reminders of the rich history and significant growth of our organization. Since our formation, thirteen chairpersons have led CFRE. The legacies of these devoted individuals are sure to continue long into the future. Thank you for your ongoing support of CFRE and professional fundraising.
