From the Chair

In 2023, CFRE International marked 42 years of setting standards in philanthropy through our valid and reliable certification process for fundraising professionals.

I'm proud to say that during the year our certificant population reached 7,800 CFREs, the highest number ever on record. We started 2023 with CFREs from 25 countries. By December we had welcomed new CFREs from Spain, Sweden, and Taiwan, lifting our representation to 28 countries.

In September 2022, the CFRE International board and staff joined with leading philanthropy experts to set the organization's strategic priorities for 2023–2027. In January, we hit the ground running on implementation.

A key strategic priority is to increase the availability of reliable and valid CFRE Exam preparation materials.

We piloted our new CFRE Exam Compass Review Course in September. It is designed to help lift candidates' confidence for test day and ensure they have a clear understanding of the exam's structure. The pilot was incredibly well received. The team looks forward to rolling the course out more widely in 2024 and beyond.

Our network of Participating Organizations expanded to include the United Negro College Fund and the American Public Gardens Association. We are thankful for their partnership in championing confidence, ethics, and professionalism in fundraising.

As Board Chair, I know first-hand how dedicated and enthusiastic our board members are. In 2023, Australia-based Stephen Mally, CFRE, FFIA, joined us. Long-time CFRE champion Jeff Norris, MBA, CFRE, concluded his final three-year term. The entire board and I are appreciative of Jeff's outstanding service. He strengthened our Board by bringing his healthcare philanthropy knowledge which complemented his many years of experience in the sector.

After two exceptional years, I completed my term as Board Chair in 2023. It has been an honor and privilege to work alongside the board, CFRE International President & CEO Eva E. Aldrich, Ph.D., CAE, (CFRE 2001–2016), and the CFRE International staff. My time as Board Chair of this organization has been a true highlight.

I wish the board, staff, and everyone who volunteers with us (on committees, as Ambassadors, and in so many other capacities) every success as they drive CFRE certification forward.

Gratefully,

2023 CFRE International Participating Organizations

CFRE International and the CFRE credential are endorsed by 31 professional organizations with representation on six continents. Participating Organizations promote the credential to their members and play an important part in the credentialing process as providers of fundraising training. Members of these organizations receive reduced certification and recertification fees. CFRE International continues to seek to expand the list of Participating Organizations.

Accreditation

In 2017, the ANSI National Accreditation Board (ANAB) accredited the CFRE certification program under the ANSI/ISO/IEC 17024 standard for certification of personnel, making the CFRE credential the world's only internationally recognized, accredited certification for philanthropic fundraising professionals.

ANAB accreditation is the hallmark of a rigorous, high-quality certification program. ANAB accreditation confers independent, widely respected national and international validation of both the CFRE certification program and the credential.

Research shows that accredited certification programs are consistently preferred by employers because they drive quality and improve results. Accreditation by ANAB also means that the CFRE certification's global significance is recognized by other worldwide accrediting bodies with which ANAB has established multilateral recognition agreements.

Validity Tables

During 2023, a total of 1,035 candidates applied to the CFRE program and 1,095 exams were administered at numerous computer-based testing (CBT) locations worldwide. A total of 763 individuals were granted initial certification as a CFRE, bringing the total number of current CFRE certificants to 8,253 during the year.

The 2023 exam form reflected a Test Content Outline based on the international Job Analysis Survey conducted in 2022 in 21 countries—Australia, Barbados, Brazil, Canada, China, Germany, Greece, Ireland, Israel, Jordan, Kenya, New Zealand, Nicaragua, Nigeria, Republic of South Korea, Singapore, South Africa, Switzerland, United Kingdom, United States, and Uruguay. The following statistics are for the 2023 form of the CFRE Exam.

Data Note: There was only one CFRE Global Exam form administered to candidates for CFRE certification in 2023.

2023 Exam Statistics	Global Form 123103
Total Scored Items on Exam	175
Total Scaled Score (Possible Range)	200–800
Passing Scaled Score	500
Mean Scaled Score (Of All Candidates)	538.8
Range of Scores	266–719
Reliability Coefficient	.85
Standard Error of Measurement	5.55

CFRE International assesses the knowledge, skills, and competencies of the fundraising profession as identified in a rigorous international Job Analysis study. This research informs the Test Content Outline, on which the exam is based.

Best practice in the certification profession requires that a new Job Analysis be performed every five to seven years. In 2022, CFRE completed its most recent Job Analysis study, which was reflected in the 2023 exam form.

CFRE uses a cadre of globally diverse, trained, and currently certified fundraising professionals to help develop, vet, and approve the CFRE Exam. In addition, the passing standard is set by a panel of fundraising professionals.

Every draft test question must be linked to a topic area found on the Test Content Outline and referenced to at least one source on the CFRE Resource Reading List before it will be reviewed.

In 2023, CFRE International continued to experience a healthy recertification rate above the industry average rate for voluntary certification programs.

Explanation of Terms

Total Scored Items on the Exam: The 2023 CFRE Exam consisted of 200 questions; of the 200 questions, 175 were scored and 25 were pre-test questions that were being evaluated for possible inclusion on the exam at a later date. Information about how candidates perform on pre-test questions is collected without affecting the candidate's score.

Scaled Score: Raw number-correct scores for the CFRE Exam are converted to scaled scores with a consistent pass mark (i.e., 500) for ease of interpretation and comparability across test windows. This means that the same raw number-correct score could correspond to different scaled scores depending on the difficulty of the exam form. For example, two candidates who took different exam forms and had the same raw score of 70 might have different scaled scores. The candidate who took the easier form would likely have a lower scaled score than the candidate who took the more difficult form even though their raw scores are the same. The scaled scores of the CFRE Exam range from 200 to 800. The scaled score 800 in the CFRE Exam represents a perfect score (i.e., number-correct score of 175).

Passing Scaled Score: This is the score a candidate must receive in order to pass the CFRE Exam. The passing scaled score for the CFRE Exam is consistently set to 500. This means that a scaled score is a conversion of different number-correct scores depending on exam difficulties. The number of questions that must be answered correctly is determined by evaluating the overall difficulty level of the exam. The more difficult the exam, the fewer questions a candidate would have to answer correctly in order to be assessed as having mastered the content. CFRE International uses criterion-referenced scoring. That is, the passing standard is determined by a panel of experts during a standard setting workshop applying Modified Angoff Method and is independent of what group of people a candidate tests with. CFRE International does not score its exam on a “curve” and also does not predetermine the number of people it will certify in a given year—performance on the exam is up to the candidate.

Mean Scaled Score: This is the average score of all candidates who took the exam during 2023. The overall mean scaled score for all candidates in 2023 was 538.8. The appropriateness (or consistency) of exam difficulty is understood by looking at the scaled score average.

Range of Scores: The theoretical range for the CFRE Exam scaled score (200–800) is considered typical for a professional certification program. In 2023, the observed minimum and the maximum scores were 266 and 719, respectively. These outliers did not affect appropriateness and consistency of the exam difficulty as the scaled score averages do not suggest a noticeable difference in overall candidate performance.

Cronbach's α Reliability Coefficient: It indicates the internal consistency of the exam. The theoretical range of coefficient alpha is from 0 to 1, with larger numbers suggesting that similar results would be observed if the exam is given to the same examinee over multiple occasions. Reliability coefficient is generally affected by the test length. For a long exam (i.e., more than 100 scored items) such as the CFRE Exam, a reliability of 0.8 is expected. The observed reliability coefficient of the 2023 CFRE Exam was 0.85, which is satisfactory and shows a slight change from .86 in 2022.

Standard Error of Measurement: The standard error of measurement yields an estimate of the variability of errors associated with a CFRE test score. A large standard error indicates that a significant amount of error exists in the test score. The small standard error results suggest that the 2023 CFRE Exam was a precise measure of baseline knowledge in the field of fundraising at the five-year level.

Explanation of Terms, continued

Content Area Performance: The CFRE Exam administered during 2023 was broken down into six major content areas of fundraising: Current and Prospective Donor Research; Securing the Gift; Relationship Building; Volunteer Involvement; Leadership and Management; and Ethics, Accountability, and Professionalism. Candidate performance across those content areas is monitored.

The CFRE candidate pool is involved with a great diversity of fundraising; it is reasonable to expect that not all candidates are masters of every type of fundraising activity. In 2023, candidates scored highest in the domain of Current and Prospective Donor Research. The lowest performance domain was Leadership and Management. This may reflect a lack of access to available education for fundraising professionals in this domain though overall performance was still at acceptable levels.

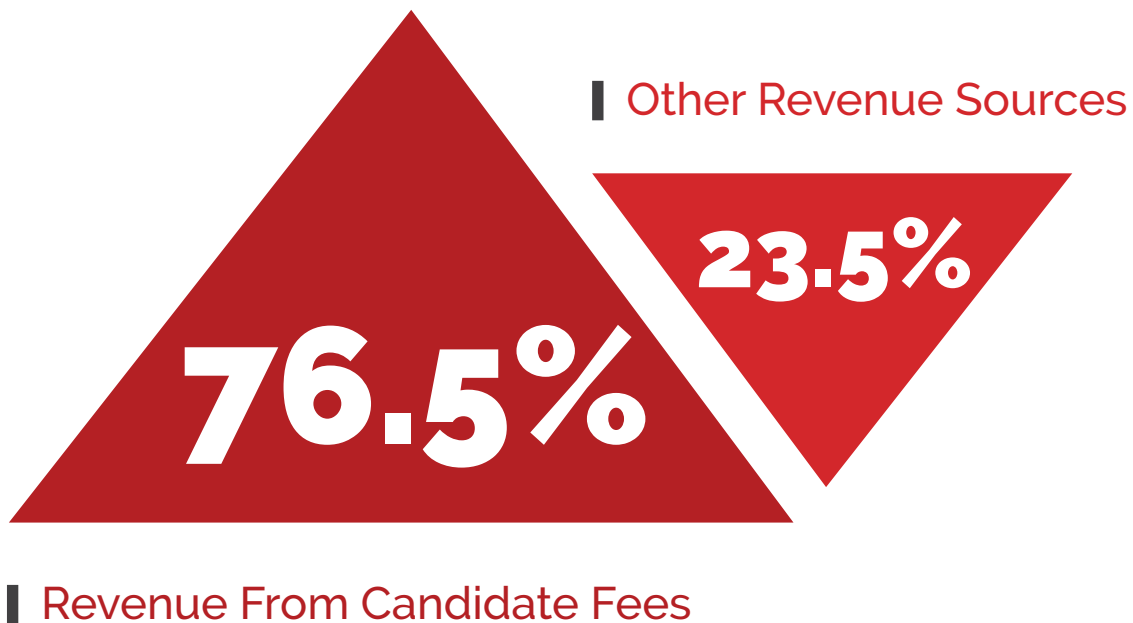

Content Area	Average % Correct
Current and Prospective Donor Research	74.86
Securing the Gift	71.68
Relationship Building	71.57
Volunteer Involvement	72.53
Leadership and Management	67.42
Ethics, Accountability, and Professionalism	70.02
Total (175 Items)	71.24

Sustainability

Since its beginning as an independent organization in 2001, CFRE International has become self-sustaining and continues to experience steady increases in the overall number of CFRE certificants worldwide.

In 2023 CFRE International derived 76.5% of its revenue from candidate fees for both initial certification and recertification. The remaining 23.5% of 2023 revenue was earned from sources such as Participating Organization fees paid to gain access to the certification at reduced rates for members, Continuing Education Approved Provider fees, advertising sales, job vacancy postings, lapel pin sales, and sales of certificate frames. All revenue is put back into the program to ensure the validity, credibility, and sustainability of the CFRE Exam and certification.

The Board of Directors of CFRE International is committed to ensuring a reliable and credible certification program for all candidates and certificants, ensuring investments in ongoing exam development activities, promotion of CFRE certification, and the CFRE credential across the global philanthropic sector, as well as sufficient investment in organizational capacity.

Continuing Education Providers

The goal of the certification process is to ensure the continuing competence of each Certified Fund Raising Executive (CFRE) and maintain the professional standards of those engaged in the fundraising profession. Continuing education courses are a primary method for keeping up with the evolution of professional practice. One of the most frequently asked questions is where certificants and candidates can go to obtain applicable continuing education for their CFRE certification. The following is a list of our 2023 Continuing Education Approved Providers. We thank them for the knowledge and skills they share.

CFRE former chairpersons are reminders of the rich history and significant growth of our organization. Since our formation, thirteen chairpersons have led CFRE International. The legacies of these devoted individuals are sure to continue long into the future. Thank you for your ongoing support of CFRE certification and professional fundraising.
